

“Laurie Michael is a great tarot reader with an innate understanding of people's feelings. Never invasive, she is patient and kind and aware of society's wariness of ‘fortune tellers.’ I found my reading to be accurate and insightful and will continue to see her for years.”

“...she's very intuitive, sensitive and right on with her predictions.”

“Before getting my first reading from Laurie Michael two and a half years ago, I'd been disappointed by many psychics who were aggressive, asked leading questions, or were simply inaccurate. Laurie is none of those – she's intuitive, sensitive and right on with her predictions, time and again. I can't wait until my next reading!”

*Laurie Michael has been reading Tarot cards for a decade, continually supplementing her natural-born clairvoyance, clairsentience and clairaudience\* with ongoing research and practice of a variety psychic divination techniques, including numerology, psychometry (object association), astrology, Akashic Records and handwriting analysis.*

*Very sincere in her desire to help people, Laurie Michael finds fulfillment in providing hope and relief to men and women who feel lost in the mundane or in the turmoil of their lives.
